

JEFF COVERT
HOME OCCUPATION AUTO REPAIR RENEWAL
CITY COUNCIL
JANUARY 7, 2010

As required by the City Council, Jeff is requesting to renew his Home Occupation License for 2010. His condition of approval requires that he keep no more than four automobiles on his premises waiting for repair at a time. Also he is required to keep his property cleaned up so that it is compatible with the residential area. He appears to be following these conditions as required. City Staff checks this property regularly. The City has not received any further complaints since Jeff met with the City Council last September.
